

Korean Veteran Now Phased Out

Pfc. Wilson B. Paxton Jr. has left the 45th Division in Korea to return to the United States under the National Guard "phase out" program, the Army revealed this week.

A member of H&S Co., 120th Engineers Battalion, Paxton has been on active duty with the 45th Division since December, 1951. He trained with the 40th Division at Camp Cooke.

Paxton, who lives with his aunt and uncle, Mr. and Mrs. Russell Paxton at 1301 Crenshaw Blvd., served as a photographer.

Formerly he was a member of the 578th Combat Engineers at the Torrance air field.

Policemen, Believe It or Not, Also Have Uneventful Days

The ambition of every little boy is to be a policeman, a fireman or a jet pilot.

Great men of the mind have probed deep into the underlying causes behind every young male's aspirations to pursue one of these fields of endeavor and have come up with this great hypothesis:

Policemen, firemen, jet pilots—all live dangerously; all drive or ride machines that make lots of noise; all wear uniforms.

Not so difficult to understand, after all.

The following bit of testimony is not offered in an attempt to show that this wide-held belief of the younger set is erroneous; it's offered only for the record, and as proof that in a 24-hour period, life can be pretty uneventful.

Here is the Torrance police "log" for a 24-hour period—Monday—which, to be truthful, is the "deadest" day of the week.

1:40 a.m.—Officers Jackson and Winkler report the arrest of — for violation 96-1.CO. (Drunk). Lugged in City Jail.

2:09 a.m.—Officer Rethwisch, on foot patrol, reports he found the front door open at — Andreo Ave. Officer checked

premises—all okay. Owner notified.

8:40 a.m.—Car sitting at El Prado Ave. and Carson St. for three days. Checked for stolen check registration with DMV.

10:10 a.m.—Phone call, small boy wandering around near Verburg Dairy, lost. Officer Maestri detailed, returned tot, 2 1/2 years, home.

1:15 p.m.—Phone call, lady reports cars parked on Palos Verdes Parkway in Hollywood Rd. via a traffic hazard on Sunday. All patrol cars check.

2:53 p.m.—Minor traffic accident, 1200 Sartori Ave. Tow car dispatched.

5:15 p.m.—Phone call, 3 1/2 year old boy missing. Officer Hamilton assigned. (7:00 p.m. entry-boy located at neighbors).

5:15 p.m.—Minor traffic accident, Torrance Blvd. and Hickory Ave. No injuries.

6:40 p.m.—Phone call; burglary at 18509 Falda Ave.; can find nothing missing; entry gained through back window; detectives attention.

8:15 p.m.—Car stolen from front of American Legion Hall, APB and teletype message sent.

11:50 p.m.—Officer reports side door of building at — Cravens Ave. open. Manager notified.

Ho-hum. End of day's report.

Sgt. Celebrates Alone as Wife, Daughter Seek Entry Into U.S.

Recent promotion to the grade of sergeant might mean much more to Dewey H. Ely, brother of Albert Ely, of 2065 Middlebrook Rd., if his wife and small daughter were near enough to celebrate his promotion with him.

Stationed at White Sands Proving Ground, N. M., Sgt. Ely's wife and child are presently living at Haiger, Germany, awaiting clearance papers for the 4-year-old Monica Imogene.

Assigned state-side, Sgt. Ely was forced to leave his Italian-born wife in Germany until proper clearance is obtained for their trip to America. Ely has

sought the aid of the post chaplain in clearing up the involved procedure for his family's arrival.

Mrs. Ely, the former Charlotte Markesine, of Milan, Italy, married the American soldier after her family was killed during World War II.

A carpenter in civil life, Sgt. Ely is assigned to duty as a clerk at the Proving Ground Post Office. He is a Third Degree Mason with membership in the Searchlight Lodge 567 in Long Beach.

Radio Equipped Sheriff's Cars Will Ask Aid

If you hear a loud-speaker booming out the description of a little child—don't call the police, because it might be the police.

The Sheriff's Office has installed loud-speakers on many radio-equipped patrol cars and when a child is reported missing the car will cruise the neighborhood broadcasting a description and the name of the missing youngster.

If you have seen the child or have any knowledge of its whereabouts, however, you are asked to telephone the Sheriff's Office, ORchard 1-7531, at once.

Hi-Lites Of Seaside Heights

By GRAYCE RYCKMAN

Last March 30, a beautiful sunny Sunday, the Delameter family of Bindewald drove to San Diego and visited the famous zoo there. I happened to see little Byron and Brian just after they arrived home and they were still round-eyed with all they had seen.

and his wife Joyce. It turned out real swell, too.

The Leverenz family of Zikou, Bobbie and Alex and their three little ones were "getting" enough to get away for an Easter vacation. They drove up to Vancouver and as this is written, Monday morning, they have not yet returned.

In case you did not attend the council meeting of April 9, in which our sewer assessment discussion was to be held, and in case you did not see the notice in our Torrance Herald, I'd best tell you that the hearing on said assessment has been postponed until April 23 because many of our residents protested the method of assessment. This new hearing will be held in the City Council chambers and will start at 8 p.m.

Helen Slover of Bindewald just returned to work Monday after a very full Easter vacation week with her daughters, Susan and Nancy. Part of the time was spent in Tujunga with friends the rest in rest. And the climax was the family dinner Easter day. It seems Easter is the day each year when her whole family get together at one of the homes. This year was Helen's turn. Attending were her mother and father, Mr. and Mrs. A. P. Gupther Sr., her brother Bud, his wife Dorothy and their five children, and her brother Ralph

Ruth Waddingham of Bindewald Rd. received a very fine pre-Easter surprise when her son by a former marriage arrived at our hilltop. He is that tall, dark and ... (yes) chap you perhaps saw fixing the TV aerial at 5303 last Sunday. He is Neal Egan.

A little bird told me that the long-legged bird is still hovering over our hill and has spotted at least three more families to bring additions to, but I had to promise to keep the names secret for now. That breaks my gossipy heart.

QUOTE 'N VEST
By Jack Treskes

GOOD TASTE
I hear they have an insect trap ready for mass production ... as soon as they get the bugs out of it.

Whenever someone asks if any bugs such as moths, etc., ever eat holes in our clothing, we always say: "Only those with good taste."

The truth of the matter is that good taste in clothing really starts with the clothier himself. Before your friends can remark about your good taste in clothing, your clothier must evidence good taste in his buying. That's why we say: "If you want to look better, better look in Treskes Men's Wear, 1319 El Prado (Between Newberry's and McCown Drug Store)."
